DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

Claims 1- 11 are allowed.

The following is an examiner's statement of reasons for allowance: Instant application claims and discloses a luminaire having at least one light source means in a flat housing consisting of two rectangular frames wherein frames have mutually facing reflective surfaces.

Regarding claim 1:

A luminaire having at least one luminous means in a flatly constructed luminaire housing consisting of two rectangular frames with longitudinal and transverse sides, each frame is composed of lateral wings parallel to luminous means, and front wings transverse mutually facing surfaces of two frames are substantially constructed as reflective surfaces, spacer elements keep opposing lateral wings of two frames at a prescribed spacing, each case two has angled spacer corner connectors interconnecting respectively opposing front wings of two frames and support connection of front wings to associated side wings of corresponding frame at prescribed spacing, a profile is fastened on a frame in order to reinforce luminaire housing, and mounts for one luminous means are fastened on front wings of reinforced frame. The art of record does not show and would not have suggested the limitations in claim 1. Claim 2-11 depend directly or indirectly from claim 1, add further limitations and are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
